

HELPING YOU GET WHERE YOU WANT TO BE

IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT

This disclosure contains important information about our Home Equity Line of Credit. You should read it carefully and keep a copy for your records.

Availability of Terms – All of the terms disclosed below are subject to change.

If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you have paid to us or anyone else in connection with your application.

Security Interest – We will take a mortgage on your home. You could lose your home if you do not meet the obligations in your agreement with us.

Possible Actions – Under certain circumstances, we can (1) terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees; (2) refuse to make additional extensions of credit; and (3) reduce your credit limit.

If you ask, we will give you more specific information concerning when we can take these actions.

Minimum Payment Requirements – You can obtain advances of credit for **10 years** (the “draw period”). During the draw period, payments will be due monthly. Your minimum monthly payment will equal all accrued interest as of the closing date of the billing cycle plus any amounts past due. **Interest Only Payments** - Your minimum monthly payment during the draw period will not reduce the amount of principal outstanding on this line of credit.

After the draw period ends, you will no longer be able to obtain credit advances and must pay the outstanding balance over **10 years** (the “repayment period”). During the repayment period, payments will be due monthly. Your minimum monthly payment will equal **1/120th** of the principal balance that was outstanding at the end of the draw period plus the finance charges that have accrued on the remaining balance.

Minimum Payment Example – Option 1: If you made only the minimum monthly payments and took no other credit advances, it would take **20 years** to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of **5.00%***. During that period, you would make **120** monthly payments varying between **\$42.47** and **\$38.36** followed by **120** monthly payments varying between **\$125.80** and **\$83.67**.

Option 2: If you made only the minimum monthly payments and took no other credit advances, it would take **20 years** to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of **5.25%**. During that period, you would make **120** monthly payments varying between **\$44.59** and **\$40.27** followed by **120** monthly payments varying between **\$127.92** and **\$83.69**.

Fees and Charges – To open, maintain and discharge a line of credit you may be required to pay the following fees:

<input type="checkbox"/> Application Fee	\$ _____	<input type="checkbox"/> Title Insurance Policy	\$ _____
<input type="checkbox"/> Appraisal Fee	\$ _____	<input type="checkbox"/> Flood Determination Fee.....	\$ _____
<input type="checkbox"/> Recording Fee.....	\$ _____	<input type="checkbox"/>	\$ _____
<input type="checkbox"/> Title Examination Fee	\$ _____	<input type="checkbox"/> Annual Maintenance Fee	\$ _____
<input type="checkbox"/> Preparation of Legal Documents.....	\$ _____	TOTAL AMOUNT DUE	\$ _____

Note - With respect to those closing costs which have been checked above, Lender will waive the payment of such costs by Borrower; provided, however, if Borrower terminates this Agreement and requests a discharge of the mortgage within **36** months from the date of this Agreement. Borrower shall then be obligated to pay Lender the full amount of the waived costs.

Property Insurance – You must carry insurance on the property that secures this line of credit.

Minimum Draw Requirements – The minimum credit advance you can receive is **\$ NONE**.

Tax Deductibility – You should consult a tax advisor regarding the deductibility of interest and charges for the line.

Variable Rate Information – The line has a variable-rate feature, and the annual percentage rate (corresponding to the periodic rate) and the minimum payment can change as a result.

The annual percentage rate includes only interest and not other costs.

The annual percentage rate is based on the value of an index. The index is the Prime Rate published in the Money Rates section of The Wall Street Journal (if more than one Prime Rate is published, the higher rate shall be used), as most recently published at the beginning of each monthly billing cycle.

The initial annual percentage rate is discounted - that is, it is not based on the index and margin used for later rate adjustments.

The initial rate will be in effect until the beginning of the 37th monthly billing cycle.

To determine the annual percentage rate, we apply a margin to the value of the index.

Ask us for the current index value, margin, discount if applicable and annual percentage rate. After you open a credit line, rate information will be provided on periodic statements that we send you.

Rate Changes – The annual percentage rate will change at the beginning of each monthly billing cycle. The maximum **ANNUAL PERCENTAGE RATE** that can apply is **18.0%**, other than any initial discounted rate, the **ANNUAL PERCENTAGE RATE** will never be less than **5.0%***.

Other than as disclosed in this paragraph, there are no annual or more frequent periodic limitations on changes in the Annual Percentage Rate.

Maximum Rate and Payment Examples – If you had an outstanding balance of **\$10,000** during the draw period, the minimum monthly payment at the maximum **ANNUAL PERCENTAGE RATE** of **18.0%** would be **\$152.88**. This annual percentage rate could be reached at the beginning of the **37th** month of the draw period.

If you had an outstanding balance of **\$10,000** at the beginning of the repayment period, the minimum monthly payment at the maximum **ANNUAL PERCENTAGE RATE** of **18.0%** would be **\$236.21**. This annual percentage rate could be reached at the start of the **1st** month of the repayment period.

Historic Example – The following table shows how the annual percentage rate and the minimum monthly payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are from the last business day in the Index month of each year. While only one payment amount per year is shown, payments would have varied during each year.

The table assumes that no additional credit advances were taken, that only the minimum payments were made each month, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.

YEAR	REPAYMENT PERIOD STARTS	JUNE INDEX RATE	OPTION 1 – STANDARD PROGRAM			OPTION 2 – 100% EQUITY PROGRAM
